

The Center for Energy Markets (Prof. David Wozabal) at TUM School of Management is currently looking for:

Student Assistant (m/f)
(studentische Hilfskraft (m/w))
5-10 hours / week

Your tasks:

- Create a JavaScript/Python Library for accessing and editing publications' metadata from a peer-reviewed literature database
- Create a front-end to parametrize queries (e.g. with Angular.js or similar)
- Implement various functions to analyse and aggregate the data returned by DB-queries

You have:

- Prior knowledge and experience in both JavaScript and Python
- Interest in participating in a faculty-wide project at TUM
- Flexibility and independent work style

We offer:

- The opportunity to join our team and contribute your own ideas
- Very flexible working hours
- Participation in a faculty-wide project of high importance / impact

The position is initially limited to 3 months, with possibility of extension afterwards. Wages follow the "Standard für studentische bzw. Wissenschaftliche Hilfskräfte".

As an equal opportunity and affirmative action employer, TUM explicitly encourages applications from women as well as from all others who would bring additional diversity. Preference will be given to disabled candidates with essentially the same qualifications.

If you are interested, please send a short motivation and your CV (as one PDF document) until July 31st, 2017 to cem@wi.tum.de.
